

Ark All Saints Academy & Ark Schools Privacy Notice for Scholars (also provided to parents/carers)

Note to parents/carers: This privacy notice explains how we collect, store and use personal data about your child.

This notice explains how we use information about you and what we do with it.

We call this information your ‘personal data’ or ‘personal information.’

Under the law, people have a right to be informed about how school uses any information we collect about them. This ‘privacy notice’ (sometimes called a ‘fair processing notice’) tells you how we use your personal data.

If you find this letter difficult to understand, you can ask your parents or another adult such as your teacher to help you understand it.

Who we are

Your school is called Ark All Saints Academy and it is part of the Academy Trust called Ark Schools. Ark Schools is the organisation which is in charge of your personal information. This means that Ark Schools is called the ‘Data Controller’. The postal address for Ark Schools is 65 Kingsway, London WC2B 6TD.

If you want to contact us about your personal information you can contact our school data protection lead, who is Tara Pope. You can speak to her in school or you can leave a letter at reception or send one by post.

How we use scholar information

We, Ark All Saints Academy and Ark Schools, collect and hold personal information relating to our scholars. We may also receive information about you from your previous school, local authority and/ or the Department for Education (DfE). We use this personal data to:

- support your learning
- monitor and report on your progress
- provide appropriate care for you
- assess the quality of our services
- comply with the law about sharing personal data

This information will include your:

- contact details
- national curriculum assessment results
- attendance information

- any exclusion information
- where you go after you leave us
- personal characteristics such as your ethnic group
- any special educational needs you may have
- relevant medical information.

We may also use photographs/videos of you when we have consent from your parents to do so. This is collected in your one to one meeting on admission to the school.

The use of your information is lawful (see Note 1) and so we do not usually need your consent to use this information. Sometimes we may want to use your data differently, and in these cases we would need to gain your consent (permission). We will ask you parent or carer for consent and you can change your mind at any time.

When we collect personal information on our forms, we will make it clear whether there is a legal requirement for you/your parents/carers to provide this information. We will also make it clear whether there is a legal requirement on the school / academy trust to collect the information. If there is no legal requirement, then we will explain why we need it and what the consequences are if the information is not provided.

When we give your information to others

We will not give information about you to anyone without your consent unless the law and our policies allow us to do so. If you want to receive a copy of the information about you that we hold, please contact: **Tara Pope, Operations Director: t.pope@arkallsaintsacademy.org.**

Government

We are required, by law (under regulation 5 of the Education (Information about Individual Scholars) (England) Regulations 2013), to pass some information about you to the Department for Education (DfE). This is the part of the Government which is responsible for schools. This personal information may, in turn, then be made available for use by the Local Authority. The DfE may also share this information that we give to them with other people or organisations. This will only take place where the law, including the law about data protection, allows it. (see Appendix 1 for more information on the National Scholar Database).

Parents and carers

We will also normally give information about you to your parents or your main carer. Where appropriate, we will listen to your views first. We will also take family circumstances into account, in particular where a Court has decided what information a parent/carer is allowed to have.

External organisations

We will also disclose your personal data to:

- Your new school if you move schools
- Disclosures connected with SEN support – e.g. Educational Psychologists, School Nurses
- School nurse/ counsellor and CAMHS (Child and Adolescent Mental Health Service)
- Educators, examining bodies and our regulator Ofsted
- Suppliers and service providers – to enable them to provide the service we have contracted them for
- Central and local government
- Survey, research and security organisations
- Health authorities, health and social welfare organisations
- Financial organisations, professional advisers and consultants including our auditors
- Police forces, courts, tribunals

Transfer outside of the European Economic Area (EEA)

We do not normally transfer your information to a different country outside the European Economic Area. This would only happen if one of your parents/carers lives abroad or if you move to a new school abroad. If this happens we will be very careful to make sure that it is safe to transfer your information. We will look at whether the other country has good data protection laws. If we cannot be sure that it is safe, then we will talk to you and your parents/carers about it and make sure that you are happy for us to send your information.

Sensitive personal information

The information disclosed to these people/services will include 'sensitive personal information' about you. Usually this means information about your health and any special educational needs or disabilities which you may have.

We share this with other people/services because they need your personal information so that they can support you. Seek further advice if there is a concern over lawfulness. Our disclosure of your personal data is lawful (see Note 2) and it is in your vital interest for your personal information to be passed to these people or services.

We will ask you for consent once we think that you can understand what we are asking. This is because the law requires us to ask you if you can understand. Normally, we involve your parents/carers too. Before you are old enough to understand, we will ask your parents/carers to consent for you.

Use of Biometric Information - What biometric information is and how it will be used

Permission for gathering biometric information is taken during the one to one admission meeting before you start with us. Each person's fingertip consists of a unique set of features. When a scholar first joins us and with consent, their finger is scanned for the first time, the reader records the unique details (This is not a fingerprint in the traditional sense). These are then converted into an encrypted digital code that is stored and matched on future scans - no actual image of the finger is stored on the secured system and it cannot be retrieved or reproduced in any way.

There are laws that control the way schools may or may not use this biometric information. For example:

- (a) we cannot use the information for any purposes that we have not told you about;
- (b) we must store the information securely;
- (c) unless the law allows it, we cannot disclose personal information to anyone else.

You should be aware that we are using software provided by *Biostore* and they maintain the system.

How long we keep your information

We only keep your information for as long as we need to, or for as long as the law requires us to. Most of the information we have about you will be in our scholar file. We usually keep these until your 25th birthday unless you move to another school, in which case we send your file to your new school. We have a policy which explains how long we keep information. It is called a Data Retention Schedule and you can ask for a copy at reception.

Your rights and your parents'/carers' rights

You have the right to do the following:

- You can ask us for a copy of the information we have about you. This is called a 'subject access request.'
- You can ask us to correct any information we have about you if you think it is wrong.
- You can ask us to erase information about you (although we may have good reasons why we cannot do this).
- You can ask us to limit what we are doing with your information.
- You can object to what we are doing with your information.
- You can ask us to transfer your information to another organisation in a format that makes it easy for them to use.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

Parents also have the right to make a subject access request with respect to any personal data the school holds about them.

If you make a subject access request, and if we do hold information about you, we will:

- Give you a description of it
- Tell you why we are holding and processing it, and how long we will keep it for
- Explain where we got it from, if not from you or your child
- Tell you who it has been, or will be, shared with
- Let you know whether any automated decision-making is being applied to the data, and any consequences of this
- Give you a copy of the information in an intelligible form

Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

There is more information in our [Data Protection Policy](http://arkallsaintsacademy.org/policies/data-protection-policy-8) or you can ask Tara Pope. The policy can be found at <http://arkallsaintsacademy.org/policies/data-protection-policy-8> or you can ask for a copy at reception.

If you want to contact us about your personal information you can contact our school's data protection lead, who is Tara Pope, Operations Director.

You can issue a complaint about what we do with your personal information. If you are not happy with our answer to your complaint, then you can complain to the Information Commissioner's Office: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Tel: 0303 123 1113 (local rate) or 01625 545 745 if you prefer to use a national rate number.

Note 1: Legal basis for holding and processing personal data

The use of your information for these purposes is lawful for the following reasons:

- The law requires Ark Schools to collect the information.
- We need the information to meet the legal requirements of safeguarding scholars.
- To fulfil our functions in providing schooling and so we can look after our scholars. This is in the public interest, because everybody is entitled to an education. This means we have real and proper reasons to use your information.

Note 2: Legal basis for holding and processing sensitive personal data

- Ark Schools is under a legal obligation to disclose the information. Disclosing the information is necessary for us to meet our legal requirements as part of our duty to look after our scholars and protect them from harm.
- To fulfil of our functions in providing schooling. This is a function which is in the public interest.
- We have a legitimate interest in disclosing your information because it is necessary in order to provide our scholars with education and pastoral care and connected purposes as outlined above.
- We will not usually need consent to disclose your information. However, if at any time it appears to us that we would need consent then we will ask for it before we make a disclosure.
